

GUEST POLICY

Caregivers are not allowed to bring guests; however young members may bring their young friends as guests while under the supervision of their caregivers.

Caregivers are not permitted to come to the pool alone, *without* the family/members with whom they are associated with. Caregivers *are not members*, in and of themselves, merely named on the membership under the directive of supervising children named on that membership

Adult NON-members are not permitted to come as guests of young members [under 15 yrs old] who are without an adult from that membership.

Members less than 12 yrs old can come in with another membership family provided an adult member is present; guest fees/wristbands are not required.

Only members age 16 and older may bring guests who are ages 15 and older [without adult

supervision]. **This is limited to 2 guests only!** Members 12 and older may come to the pool without adult supervision but are not permitted to bring guests.

Annuals are not permitted to bring guests on weekends.

No more than 5 guests are allowed at a time; party rental must be scheduled instead; this is due to lifeguard ratio and safety issues.

Guests fees are paid for per admitted person, the pass does not allow anyone to come in using said pass. Wristbands are used for guests and cannot be removed for another guest's usage. Guest may leave and come back WITH members on the same day, provided the wristband is intact; this is at the guards discretion.

Wristbands are to be used on all guests; with members' last name and number of guests [example: 1 of 3; 2 of 3; 3 of 3] written on bands.
